

Canoe Trip date: July 26th, 10:30 a.m.

Following is the trip I recommend. It is very important to remember the level of the water can determine if it is even possible to do this. It is suggested we wait until 7-10 days prior before we set the reservation due to watching the weather as our

payment is nonrefundable. We have to pay the full amount upon reservation. What I need is for those who wish to attend send a payment ahead. I will reserve the canoes on my credit card. However I will only reserve canoes for those who have made a payment. If you wish to join after July 17th for the July 26th date, please reserve the canoe on your own. You also must realize there may or may not be a canoe available at the given time of our departure. However a second group could depart at the next time and either catch up or have a great time on their own.

We will set the departure time July 26th, 10:30 am This is a four hour trip. Plan to pack lunch and we will tail gate breakfast before we depart. So all those interested please send me an email expressing interest by July 17th and mail a check to Cathy Myers 425 Verwood Ct Indpls IN 46234 \$40 and if we get more than 5 canoes I will refund the \$5 as the price drops if we have 6 or more.

We will be using Clements Canoe rental. Please take a look at their site for directions and any other questions you may have. Canoe Trip <<http://www.clementscaoes.com/index.htm>>

Trip 1B - Upper 10-Mile Whitewater Trip

The 10-mile trip starts with a shuttle from our Deer's Mill Livery (point 5 on map). Experience the same stretch of creek as Trip 1A minus the first 5 miles. This trip ends at our Deer's Mill Livery (point 7 on map). Depending on water level this trip typically takes *4 hours.
